## ST. MATTHEW'S CHURCH.

## Completion of Rev. Mr. Swope's First Year—Anniversary Sermon Yesterday—The Financial Condition of the Church.

Rev. Mr. Swope completed his first year's pastorate at St. Matthew's Episcopal Church yesterday, and a portion of his remarks were devoted to a review of the present condition of the church as respects its numerical and financial conditions. He introduced his reference to the condition of the church with the following remarks, taking for his text the 8th verse of the 1st chapter of the Acts, reading: "But ye shall receive power after ye shall be baptized with the Holy Ghost, which shall come upon you."

"These words were uttered by our Lord to his disciples, and were intended for their comfort; but we who live under the dispensation of the spirit, are warranted in applying them to ourselves, and believing that we who have work to do and afflictions to overcome will have the help of this same divine presence. But it is to be feared that the power of the Holy Spirit has become too much of a theological term among us, rather than a living reality. And the reason of this is found in the materialistic ideas of the present age, coupled with a lack of religious interest among professing Christians that tends to prevent the Holy Spirit from expressing our belief in the Holy Ghost, not as an exalted being, but as a living and loving Christian man. He is the relation of bond between the Father and the Son, the great power of God and the finger of God. He is the gracious influence of God gladdening all things with His smile; warming and sanctifying all things with His life-giving fire. The idea of God is not complete without the Holy Ghost. He is the divine term of the heavens, which is not complete without the idea of heat and light. And yet this is an imperfect analogy, as every analogy from human things must be, in this respect that the Holy Spirit is not to be conceived of as a mere influence, manifestation of God. He is God. He has a separate personal existence. Our Lord describes Him as another Comforter. Another, yet a Comforter such as He was. Another, and yet of the same nature as Himself.

I am led to dwell upon the existence and personality of the Holy Ghost, because only by realizing him we hope to escape the bondage of the materialistic idea of the Holy Ghost. The presence of the Holy Spirit is not a spiritual power in any individual congregation or church. As well expect a man to live without the breath of life, as for a soul to have life without the indwelling of the Holy Ghost. A church, though it have an Apostolic ministry and orthodox creed, trisacraments, a preached Gospel, without the Holy Ghost, is only a piece of ecclesiastical machinery, which may be, but is not, the temple of God. The presence of the Holy Spirit is not an obstruction, it is the totality of regenerated Christians. It is the personal unity of the several communities, which gives vitality to the church. This church was not built to adorn the city with its graceful Gothic proportions, but to be like the lantern on the Edgemoor rock, a light that should shine into the darkness, and cheer the benighted.

It is a solemn question that I have to ask you: How have you used the opportunities offered you? This morning I beg another year of pastoral oversight from you, and I have the right to ask it. For the year just passed I can answer in a general manner from a general knowledge of my people. But to make you judge yourselves, I will give a brief review of the year's work.

The reduction of the church indebtedness is a matter of congratulation. From \$20,000 it has been reduced to \$14,000. The total amount of money contributed in the parish during the year ending November 1, was \$18,840. The number of communicants is 357. The sewing school numbers 122 children and twenty teachers, and is a means of providing poor families with comfortable clothing as well as securing them a livelihood in a necessary art and in industrial neatness and industry. The social provident societies of great enjoyment, and the money raised thereby, though no inconsiderable amount, was the least of their advantages.

The Sunday School connected with the church are all in a flourishing condition, though sadly in want of gentlemen to assist in their management.

My personal labors it is difficult to speak as statistics, but I have had a clergyman's work. During the year I have officiated 167 times, celebrated the holy communion 14 times, baptized 23 infants and adults, presented 26 persons for confirmation, solemnized eight marriages, and used the sacrament of the church on 12 occasions.

And in conclusion let me urge you as a congregation and individually to seek a more plentiful outpouring of the Holy Spirit.

## BRIEF MENTION.

The Scholastic Club will give a ball on the 14th at Kohl's Hall.

Report of monthly meeting of the Board of Commissioners of the city.

Report of the first genuine winter day that we have had, and the most disagreeable too.

Some changes in the location of our Catholic clergymen are contemplated, and have been already effected.

A little daughter of J. P. Campbell, who works in the central gas works, was badly scalded Saturday evening.

Miss Ella Dietrich entertained a number of friends at the residence of her father, at Portersville, Friday night.

The Veteran Association will meet Thursday night at their hall, New Market.

Many new members will be taken in.

Several lodges of A. O. U. W. have been, and are being, organized by Mr. G. M. Petty, of Cleveland, in and around this city.

OFFICIAL MALONEY has just acquainted his friends with the fact of his marriage a year ago to Miss Mary Baeder, of Centre Wheeling.

The altar at the Whelan Memorial Church, at Calvary Cemetery, will be consecrated this morning by Bishop Kain and assisted by the Western Union line.

A foot race of 100 yards took place Saturday at Fenwood between Miller and Gentry, of that place, for \$50 a side, which was won by Gentry by five yards.

FERNANDO MILLER has made arrangements to receive election returns at his saloon, opposite City Hall, on Tuesday night by the Western Union line.

The Barrett-Selbert race was postponed on account of rough water, and will be rowed this afternoon at Pittsburgh. Sporting men haven't much confidence in it.

## DEDICATION.

## The Whelan Memorial Dedication Ceremony Yesterday—Interesting Exercises—Large Crowd Present, and a General Turnout of the Catholic Community.

Announced Saturday morning that the dedication of the Whelan memorial chapel would take place yesterday. At 2 o'clock the different societies of the Catholic persuasion in this city proceeded to the R. & O. depot in a body, headed by Kramer's full band. There were also many others on hands at the depot, and about 2 o'clock two trains of seven cars each, left that place in charge of Capt. Devries and Howie, and in a few minutes were unloaded at Clarke's Station, near the cemetery. Here a large crowd had gathered, and the services were commenced by the choir and from the city, having come to the place by the street cars and private conveyances, of which there were a large number. As soon as the crowd, variously estimated at from 2,500 to 3,500, had assembled within the cemetery enclosure, the ceremonies began.

Within the new edifice were assembled Bishop Kain in his official robes, and as assistants were Fathers Sullivan, Reynolds, Walters, Schleicher, of this city, and Fathers Stenger, of Charleston, and Duffy, of Lewisburg, together with several others, acolytes, etc. The auditorium was accordingly to capacity, cleared of all except the clergyman taking part in the exercises. The choir then blessed the church, and preceded by their assistants, went round it, sprinkling the corners and projections with holy water in the presence of the uncovered multitude. Within again the blessings of the saints were invoked, and the choir, preceding the dedicatory sermon were on their feet. A stand had been erected in the open air near the northwestern corner of the grounds, and from it Rev. Father Stenger was to have delivered a sermon appropriate to the occasion, but at that time a storm was impending, and as the audience was largely made up of women and children, it was deemed expedient to defer it until later in the evening and then in the cathedral. So the Bishop dismissed the crowd, and in a few minutes the cars were again filled and on their return to the city. A very handsome collection was taken up at the gates of the cemetery for the purpose of paying off a small debt against the chapel. The chapel is a small but noble structure, situated near the center of the cemetery, built entirely of stone, well finished within and without. It is of the Gothic style of architecture. Near the extreme north end of the chapel is a simple marble slab, with the name and date of the deceased prelate inscribed, and the day of his birth and death. Under this slab is the coffin. The building, as we have said before, will be used for the purposes of a cemetery, for occasional religious services, etc.

In the evening an eloquent and most impressive memorial sermon was preached to an immense audience by Rev. Joseph Stenger, in which the objects of the building, the virtues of the deceased, and the lateness of the hour and the length of the sermon forbade even an extract. Verses were then celebrated by Rev. Father Duffy, of Lewisburg.

This morning, at seven, the consecration of the beautiful marble altar will take place at Mt. Calvary by the Bishop and the same assistants as yesterday. The first Mass will also be said by his eminence at the same time.

SPORTING SCATTERS.—The fourth of the shotgun contests came off on Saturday afternoon, at Tingle Range, on the island, Stanley and Dean tied, as will be remarked, in the first heat, and in the second heat Dean carried off a second and third victory out of the four contests. Next Saturday will determine the question of the ownership of the gold badge, and the following is the score of the badge and prize contests. (Lewistown, Macrahan and Dean shot at twenty yards, and the others at eighteen):

HALLOWEEN PARTIES were abroad in the East, and the guardians of the peace would do well to look after the persons who make outrageous claims upon the residences of our citizens. The residence of Captain Cowan, in the lower end of the city, was visited, and stones hurled against the front of the glass in the frames on each side of the door were broken and other damage done. Several other residences were visited, and the doors either stoned or hammered. A man was placed on the door and a friend, Esp. M. A. O., notifying the public that he had "removed one door above."
